DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C.

112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2-6, 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 12 is rejected because it is not clear what is being claimed in line 7, "...the sending gateway element a first portion of the predetermined..." It is suggested that the word "assigning" be placed before the word "the".

Claim 2 recites the limitation "receiver units" in line 4. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Art Unit: 2661

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Iwata(5,933,425).

With regards to claim 1, Iwata teaches a data network for communicating data between a sender unit and a receiver unit, comprising:

A core network including relay elements inter-coupled by data links(Fig. 1), a gateway element(Fig. 1@101) coupled to the core network and to the sender unit(Fig. 1@100), the receiver unit being coupled to the core network,(Fig. 1@107), the gateway element having at least one information table identifying at least one route from the gateway element through the core network to the receiver unit, including the status of the route.(Fig. 1@105, 106, 103).

Allowable Subject Matter

Claims 7-11 are allowed.

Claims 2-6, 12, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
